The Home Installation Guide

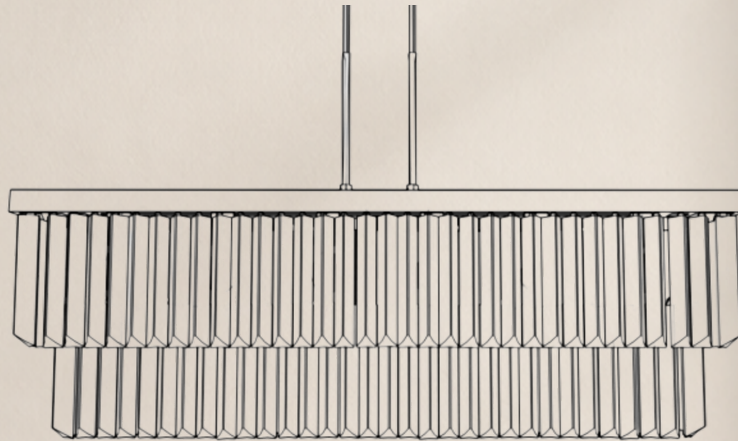

Table should be ~12"
longer than the fixture
on both ends and ~6"
on sides

30-36"

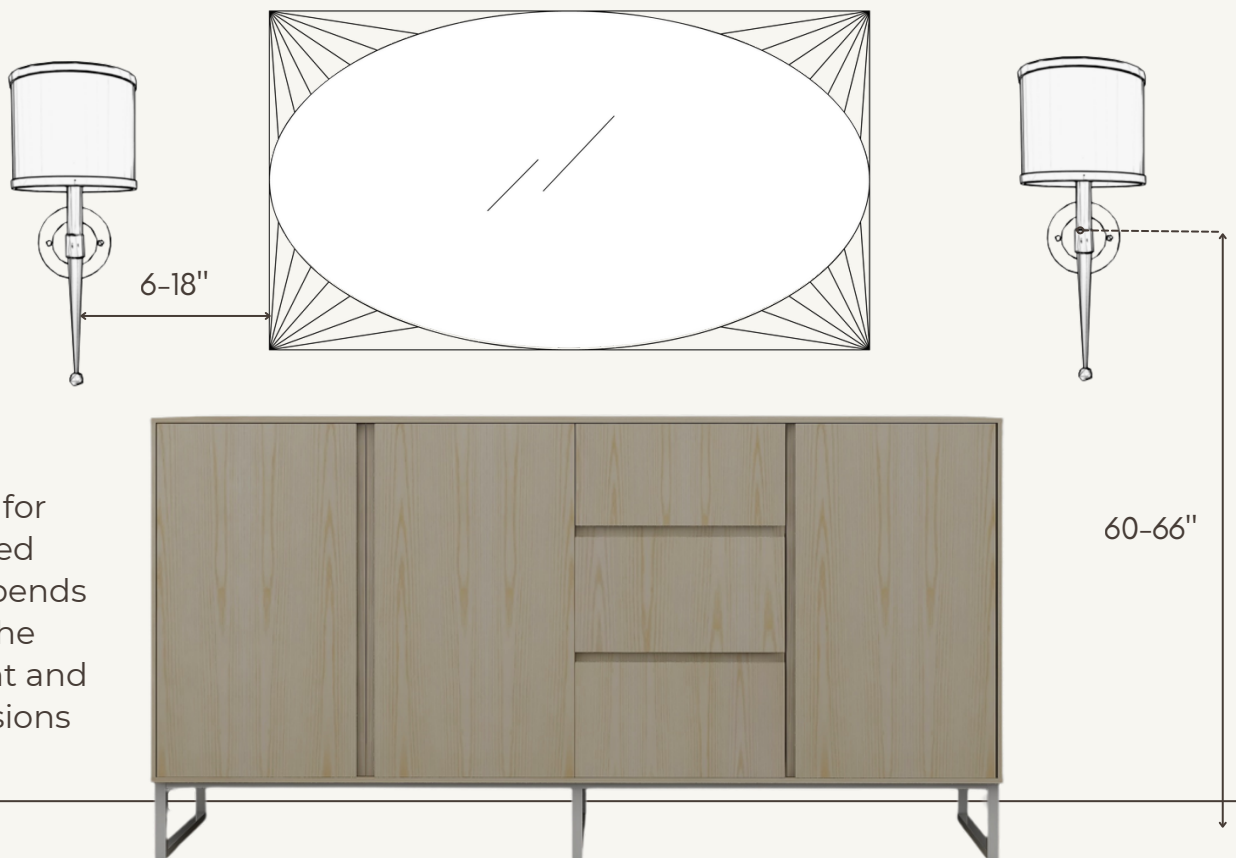

30"

standard
dining
table
height

Lighting

*Measuring for wall mounted lighting depends heavily on the user's height and wall dimensions

How to pick the right one

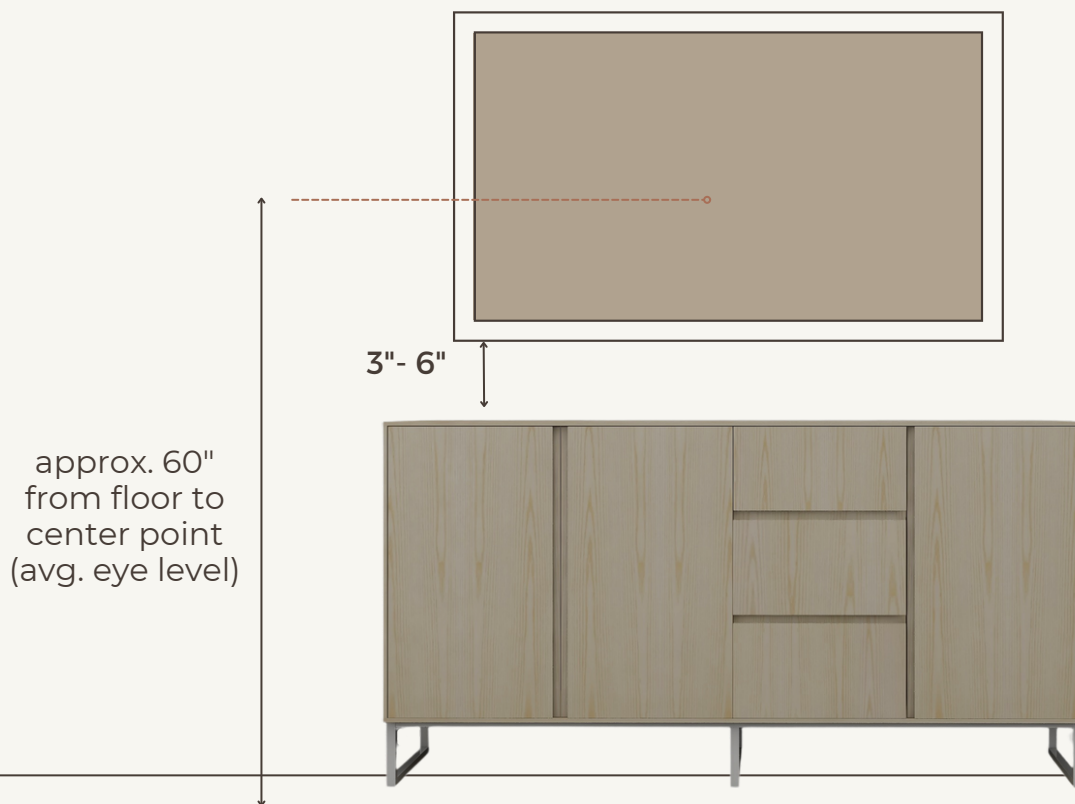

The bottom edge of the shade should be eye level for it to cast light in the right spot for reading, etc.

Table and Floor Lamps

Evelyn K Design

Wall Hanging

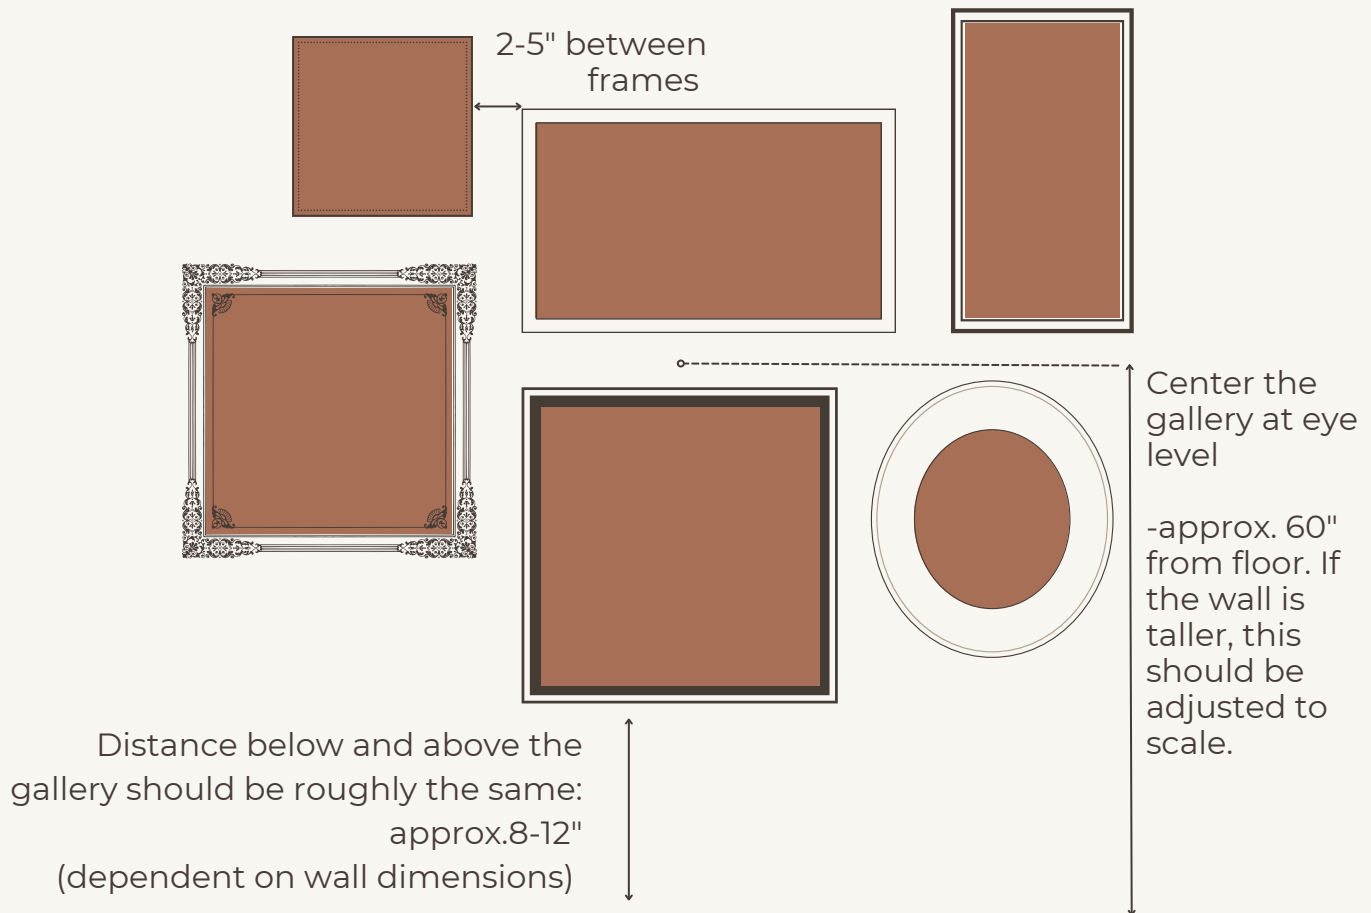

*The width of the art or mirror should be about $\frac{2}{3}$ of the piece it's hanging above. For larger wall spaces, use multiple items to accomplish the right scale.

Console

TV Height & Distance

*These measurements are based on an average seat height of 16" and standard television heights

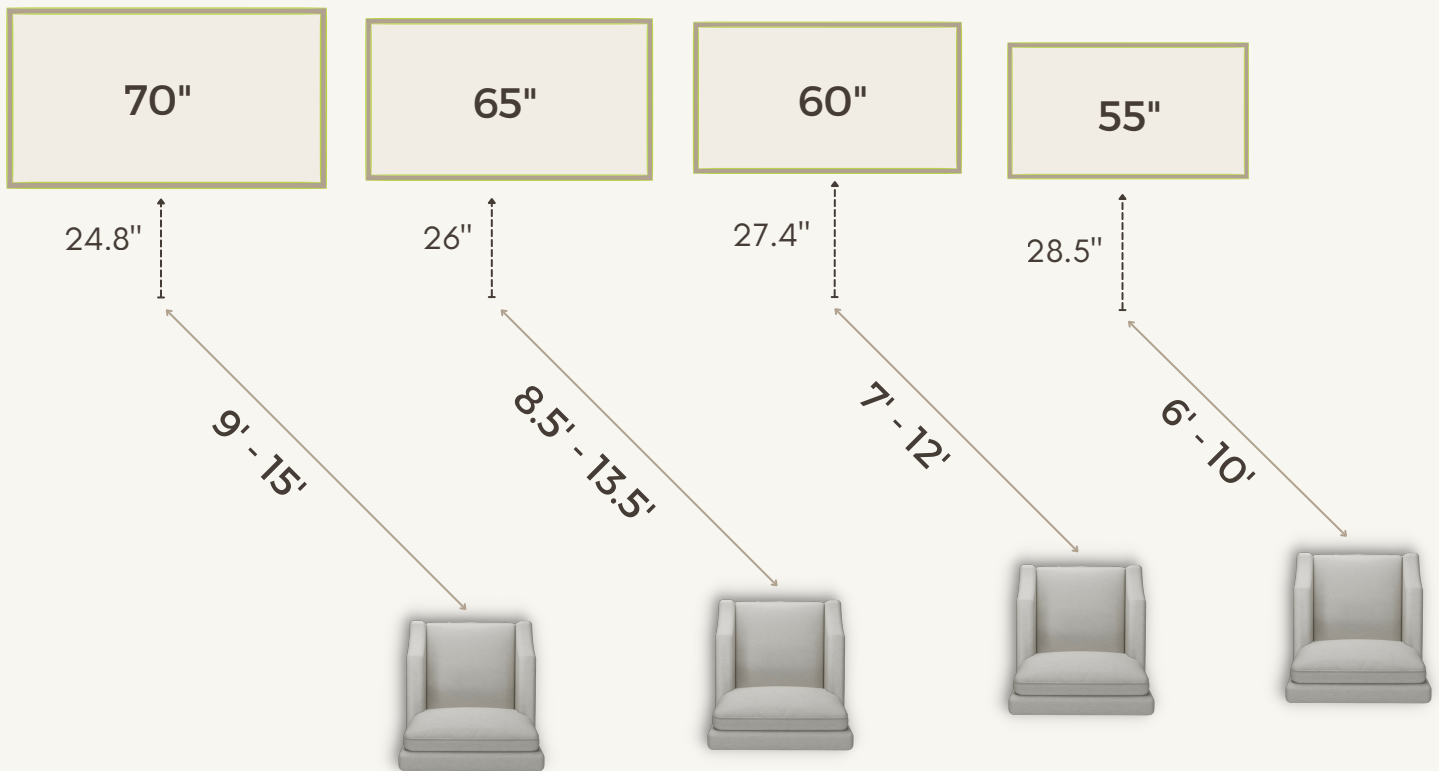

For comfortable viewing, keep the screen close to eye level and avoid an overly steep viewing angle.

Measurement Standards

Rugs

24" minimum
from table to
end of rug

12" or more
between rug and
any piece of
furniture or wall

Dining Room

- Keep all chair legs on rug even when pulled out
- 8-16" of space behind chairs
- Keep rug at least 12" away from walls

common
rug sizes:

6x9
8x10
9x12
10x14

RECTANGLE TABLE

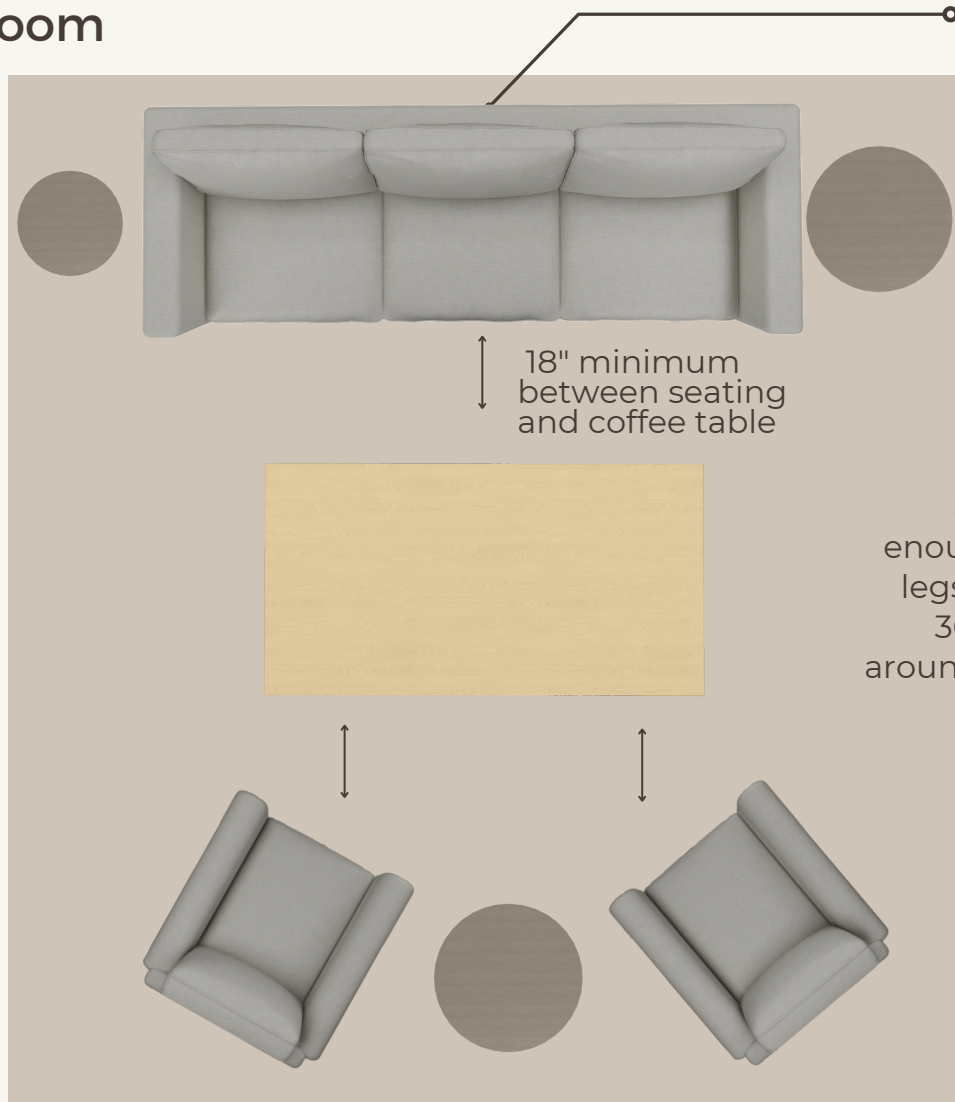

Suggested Rug Shapes

Rug Sizes

Family Room

Allow a maximum of 6" of rug behind any piece

If the room is large enough, fit all furniture legs on the rug. Leave 36" of walking space around rug and 12" from any wall.
